	<p>A Yorkshire Forward funded consultation and development plan is in the process of being undertaken. Lindsey Smails has been employed specifically to liaise with the wider Todmorden community and key stakeholders to ensure any future development/s is commercially viable and of a high standard.</p> <p>A process of consultations will start in March and carry on into April and will include: Market Traders and Key Business in and around Bramsche Square – 14th March Todmorden Town Council - 28th March Todmorden Pride – 29th March To inform the wider community a consultation event will be held. This will be probably take the form of a drop-in session and will include key stakeholders as well as the wider general public. 21st April 10:00 – 16:00 Todmorden Town Hall</p> <p>The consultants will be systematically discussing wider views; to date current talks have included a pedestrian network, indoor and outdoor markets and sites around the square</p>	

	<p>A sophisticated analysis of how it can be used in the future, including the Post Office, supermarket and car parking will feature in the equation. (Harrop's are to undertake a quick review of car parking.)</p> <p>However, the emphasis is being placed on plans being passed in an open and transparent way ensuring any option carried forward has a better chance of being implemented and becoming a reality.</p> <p>The findings produced in the report will be presented formally.</p> <p>James – Should you provide a focus when consultations are being carried?</p> <p>Lindsey – Jargon free and easy to understand options will be produced to enable the whole community understand the proposals and any ideas put forward will then be taken into consideration.</p> <p>Yorkshire Forward is interested in producing investment, but private sector must be included.</p> <p>David – Despite his initial concerns feels that the end options will have a commercial reality about them.</p>

34/02/07	Action Plan Update – Tony Mullin	
	<p>Unfortunately Claire Townley didn't get an invitation to the meeting – could a contact list be compiled.</p> <p>Background – a draft work plan undertaken by Claire Madders setting out the aspirations of Todmorden Pride as laid out in the John Thomson vision and to provide a basis for the next 5 – 10 years is being continued. Yorkshire Forward requires the vision to be brought down to ground level projects that can be undertaken by Town Teams.</p> <p>The purpose of the action plan:</p> <ol style="list-style-type: none"> 1) To provide a focus and framework for activities 2) Way of measuring progress 3) Demonstration of priorities to funders 4) Should be used as a tool to obtain funding <p>Yorkshire Forward is planning a new 3-year funding programme.</p> <p>Process: Good meeting set out from John Thomson report, also looked at projects that have emerged from outside the Renaissance – should be linked back to JT report as the support already in process.</p> <p>Draft Project Table: Looked at viability and demand, each project – apart from Walsden Gateway Plan, came out of the JT report.</p> <p>James – Halifax Road and Derr Street should be looked at as a whole development plan and advocated a development brief for the entire area.</p> <p>Claire – Could the Cath Gibson conservation area expansion scheme be brought into this?</p> <p>David – The area to be extended was to include Key Syke lane but the plan was not finished as Cath left, a new person has now been appointed to continue the work.</p> <p>Claire – Could a group be brought together to meet the new person and discuss work undertaken and its continuation.</p>	<p>LC</p> <p>LC</p>
